

AMRA International Trading LLC

355 Alhambra Circle, Suite 900, Coral Gables, FL 33134

ALL PRODUCTS: - COUNTRY OF ORIGIN: USA

DETAIL INFORMATION ON THE PRODUCTS AND ITS USAGE

- Textured or pellet form made from raw materials sourced in the USA.
- The purpose is to supplement the shortfall of animal feed available in the UK as well as to introduce tried and tested products by mega farms, farmers and individuals regarding superiority of the products which leads to greater yield, and by extension, lower overall feed cost and increased profit margins which stands to benefit farms, farmers and citizens of the UK.
- The product will be imported on orders and would be sent directly to the end users. This ensures preservation of quality and freshness. Product will be in its finished form inside the packages, ready for use by farms/ farmers as food for the animals. Our Products are versatile and is becoming a growing trend globally. Our animal foods have been formulated to reflect proper nutritional requirements in every serving size for different sizes of animals. Packaging and distribution of our products plays a key role in ensuring it arrives at their final stop in perfect condition. This is one of the reasons a warehouse is omitted as it contributes to the development of: molds, mildew and rancidity. Our customers satisfaction for their money spent is guaranteed.

Full details of manufacturing process:

- Confirm that the animal food to be imported into the UK:

- All raw materials originate from the USA and the following diseases have not been reported: Cattle Disease, Foot-and-Mouth-Disease, African swine fever, Classical Swine Fever, Swine Vesicular Disease and Contagious Bovine Pleuropneumonia.

- b) Was again heated up for at least 30 minutes to a minimum of 90 °C, in accordance with WOAHP recognized heating method during the production process for any feed which contains animal protein.

- c) Was not produced from: Farm animals that died and were not slaughtered, including stillborn and unborn animals, as well as animals subjected to emergency slaughter for their own benefit or animals that died during transport.

- d) Animals that were slaughtered in connection with health control measures, on the farm or at any other place determined by the responsible authority.

- e) Those parts of the normally slaughtered animals that were not subjected to an examination of the meat, with the exception of hides, skins, hooves, feathers, wool, horns, blood and similar products.

- g) Meat, poultry, fish, game as well as animal products that were rotten.

- h) Animals, fresh meat, poultry, fish, game, meat products that did not comply with the veterinary requirements of the Community legislation concerning the import into the Community during the inspection.
- Animal by-products (including meat) that contain residues of substances and environmental contaminants according to the Regulation (EU) 2017/625 if these residues exceed the maximum value determined by Community legislation or, if such a maximum value has not been determined, the maximum value of the individual country and could therefore represent a risk for the health of humans and animals.
- j) Fish or fish guts that were excluded for human consumption due to clinical signs for an infectious disease.
- k) The animal food was subjected to all precautionary measures in order to avoid a contamination with pathogenic germs after the processing.
- l) The animal food was filled in a new package.

Sportsman's Choice® Trophy Fish Feed

Product Purpose: Sportsman's Choice® Trophy Fish feed is a 36% protein fish feed designed to be fed to bluegill, catfish, bass, brim, tilapia and other farm pond species in a recreational feeding program.

Product Features:

- 36% Protein to support multiple species of fish
- Pond Balancing Technology provides the proper nutrients to support large and small fish alike. The larger floating nugget feeds the larger fish while the smaller sinking nugget sinks to the bottom to feed smaller fish. This promotes proper food chain facilitation in the pond and optimizes growth and production rates.
- Fortified with stabilized vitamins (high levels of vitamin, C, E, D and B complex) to ensure fish are receiving the correct nutrient balance to support rapid growth
- Special formula to enhance digestibility and nutrient absorption

Feeding Directions: Hand-feed or feed from an automated feeder once daily. If hand feeding-select a consistent location to feed. Feed enough Sportsman's Choice® Trophy Fish feed until fish do not come to the pond surface to eat. Typically within 5-7 minutes. Feeding directions are dependent on many factors such as aquatic specie, production systems, stocking rates, environmental conditions for example (water temperature & water quality), etc. Careful consideration should be given to the amount and quantity applied to the water.

Caution: Do not overfeed. Overfeeding will result in oxygen depletion of the water, causing system build up.

CAUTION: Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.

Product Information:

- Product code: 45051 - 25#
Form: Morsel
- UPC: 7-22304-26897-8

Product Packaging:

Product Form Description: Morsels – extruded to improve digestibility by the animal.

Guaranteed Analysis:

Crude Protein	Min. 36.0%
Crude Fat	Min. 4.0%
Crude Fiber	Max. 7.0%
Moisture	Max. 11.0%
Ash	Max. 11.0%
Ascorbic Acid (Vitamin C)	Min. 30 MG/LB
Vitamin D3	Min. 500 IU/LB
Vitamin E	Min. 75 MG/LB
Vitamin B6	Min. 4.0 MG/LB

Please refer to the product tag on bag for ingredient list, complete feeding directions, date code, lot number and most up-to-date guaranteed analysis.

Sportsman's Choice® Catfish Feed

Product Purpose: Sportsman's Choice® Catfish Feed is a 32% protein fish feed designed to be fed to catfish and other farm pond species in a recreational feeding program.

Product Features:

- 32% Protein to support multiple farm pond species of fish
- Highly palatable to maximize intake and viewing
- Fortified with stabilized vitamins (high levels of vitamin, C, E, D and B complex) to ensure fish are receiving the correct nutrient balance to support rapid growth
- Special formula to enhance digestibility and nutrient absorption

Feeding Directions: Sportsman's Choice® Catfish Feed can be hand fed or fed from automated feeders. Feeding should occur once per day and should be in a consistent location. Feeding rate should be such that volume is consumed in 5-7 minutes of activity. Adjust feed volume to fit this timeframe.

Caution: Do not overfeed. Overfeeding will result in oxygen depletion of the water, causing system build up.

CAUTION: Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.

Product Information:

- Product code: 45053 - 40#
Form: Morsel
- UPC: 7-22304-28754-2

Product Packaging:

Product Form Description: Morsels – extruded to improve digestibility by the animal.

Guaranteed Analysis:

Crude Protein	Min. 32.0%
Crude Fat	Min. 4.0%
Crude Fiber	Max. 7.5%
Phosphorus	Min. 0.8%
Vitamin D3	Min. 204 IU/LB
Vitamin E	Min. 30 IU/LB
Vitamin B6	Min. 1.2 MG/LB
Ascorbic Acid (Vitamin C)	Min. 20 MG/LB
Folic Acid	Min. 1.0 MG/LB

Please refer to the product tag on bag for ingredient list, complete feeding directions, date code, lot number and most up-to-date guaranteed analysis.

Sportsman's Choice® 36% Catfish Fingerling

Product Purpose: Sportsman's Choice® 36% Catfish Fingerling feed is designed to be fed to catfish fingerlings and other farm pond fish.

Product Features:

- 36% Protein to support catfish fingerlings and other farm pond fish
- Highly palatable to maximize intake and viewing
- Fortified with stabilized vitamins (high levels of vitamin, C, E, D and B complexes) to ensure fish are receiving the correct nutrient balance to support rapid growth
- Special formula to enhance digestibility and nutrient absorption

Feeding Directions: Sportsman's Choice® 36% Catfish Fingerling can be hand fed or fed from automated feeders. Feeding should occur once per day and should be in a consistent location. Feeding rate should be such that volume is consumed in 5-7 minutes of activity. Adjust feed volume to fit this timeframe.

Caution: Do not overfeed. Overfeeding will result in oxygen depletion of the water, causing system build up.

CAUTION: Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow
