

AMRA International Trading LLC

355 Alhambra Circle, Suite 900, Coral Gables, FL 33134

ALL PRODUCTS: - COUNTRY OF ORIGIN: USA

DETAIL INFORMATION ON THE PRODUCTS AND ITS USAGE

- Textured or pellet form made from raw materials sourced in the USA.
- The purpose is to supplement the shortfall of animal feed available in the UK as well as to introduce tried and tested products by mega farms, farmers and individuals regarding superiority of the products which leads to greater yield, and by extension, lower overall feed cost and increased profit margins which stands to benefit farms, farmers and citizens of the UK.
- The product will be imported on orders and would be sent directly to the end users. This ensures preservation of quality and freshness. Product will be in its finished form inside the packages, ready for use by farms/ farmers as food for the animals. Our Products are versatile and is becoming a growing trend globally. Our animal foods have been formulated to reflect proper nutritional requirements in every serving size for different sizes of animals. Packaging and distribution of our products plays a key role in ensuring it arrives at their final stop in perfect condition. This is one of the reasons a warehouse is omitted as it contributes to the development of: molds, mildew and rancidity. Our customers satisfaction for their money spent is guaranteed.

Full details of manufacturing process:

- Confirm that the animal food to be imported into the UK:

- All raw materials originate from the USA and the following diseases have not been reported: Cattle Disease, Foot-and-Mouth-Disease, African swine fever, Classical Swine Fever, Swine Vesicular Disease and Contagious Bovine Pleuropneumonia.

- b) Was again heated up for at least 30 minutes to a minimum of 90 °C, in accordance with WOAHP recognized heating method during the production process for any feed which contains animal protein.

- c) Was not produced from: Farm animals that died and were not slaughtered, including stillborn and unborn animals, as well as animals subjected to emergency slaughter for their own benefit or animals that died during transport.

- d) Animals that were slaughtered in connection with health control measures, on the farm or at any other place determined by the responsible authority.

- e) Those parts of the normally slaughtered animals that were not subjected to an examination of the meat, with the exception of hides, skins, hooves, feathers, wool, horns, blood and similar products.

- g) Meat, poultry, fish, game as well as animal products that were rotten.

- h) Animals, fresh meat, poultry, fish, game, meat products that did not comply with the veterinary requirements of the Community legislation concerning the import into the Community during the inspection.
- Animal by-products (including meat) that contain residues of substances and environmental contaminants according to the Regulation (EU) 2017/625 if these residues exceed the maximum value determined by Community legislation or, if such a maximum value has not been determined, the maximum value of the individual country and could therefore represent a risk for the health of humans and animals.
- j) Fish or fish guts that were excluded for human consumption due to clinical signs for an infectious disease.
- k) The animal food was subjected to all precautionary measures in order to avoid a contamination with pathogenic germs after the processing.
- l) The animal food was filled in a new package.

LLAMA &
ALPACA

Country Feeds® Llama and Alpaca Pellet

Product Purpose: This feed is designed to be fed to mature llamas and alpacas.

Product Features:

- Highly palatable feed to encourage consumption
- Provides balanced diet when fed with hay or forage
- Fortified with vitamins and minerals to support overall health
- Supports skin, hair coat and fiber quality

Feeding Directions:

Nutrena® Country Feeds® Llama and Alpaca Feed is a supplement feed designed to be fed to mature maintenance llamas and alpacas on pasture and in confinement with free access to hay and/or forage. Feed at the rate of 1-2 lbs per head per day as supplement to pasture and/or free choice hay. Animals engaged in high levels of activity should have feeding rates increased to 2.0 – 2.5 lbs per head per day as supplement to pasture and/or free choice hay depending upon desired body condition.

Provide plenty of fresh clean water at all times.

Seek veterinary advice to protect animals against enterotoxemia prior to feeding grain.

Do NOT exceed 30% of total diet.

CAUTION: Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.

Product Information:

- Product code: 95198 - 50 lb. Pellet
- UPC: 7-22304-33235-8

Product Packaging:

Product Form Description:

Pelleted– compressed product form providing consistent nutrition in every piece which eliminates sorting by the animal.

Guaranteed Analysis:

Crude Protein	Min. 14.0%
<small>(This includes not more than 1.3% equivalent crude protein from non-protein nitrogen.)</small>	
Crude Fat	Min. 3.5%
Crude Fiber	Max. 16.0%
Calcium	Min. 1.5%...Max. 1.9%

SHOW

Sunglo® Full Tank™ Pellet

Product Purpose: Designed to increase rib shape and capacity of the rumen or stomach.

Full Tank™ helps support rib shape and enhanced stomach capacity on show pigs that are being held, animals that simply need more fill, or that you're delaying maturity as best as you can. Full Tank™ also works well on cattle, sheep, and goats that need added rib shape and enhanced rumen capacity.

Product Features:

- Multi species formula for cattle, pigs, lambs, and goats
- Contains probiotics to aid in digestion
- Can be fed prior to or on show day

Product Information:

- Product code 98211 – 50 lb.
- Pellet
- F103206205

Product Packaging:

Product Form Description:

Pelleted—compressed product form providing consistent nutrition in every piece which helps eliminate sorting by the animal.

Feeding Directions:

- 0.5 to 2.0 lb./head/day for pigs, sheep and goats
- 2.0 to 5.0 lb./head/day for cattle

CAUTION: Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.

SHOW

Sunglo® Game On™

Product Purpose: A nutritional supplement used for an award-winning fresh look in all classes and stages of developing show pigs, sheep, goats, and cattle.

Product Features:

- Helps to enhance shape, muscle expression and freshness over the topside of the skeleton
- Game On™ helps the feeder to build the right kind of shape and bulk up

Feeding Directions:

Show Pigs: Top-dress 2 to 8 oz. per head per day of Game On™ along with the normal amount of regular show feed needed to achieve the desired feed intake.

Cattle: Top-dress 4 to 12 oz. per head per day of Game On™ along with the normal amount of regular show feed needed to achieve the desired feed intake.

Sheep & Goat: Top-dress 2 to 6 oz. per head per day of Game On™ along with the normal amount of regular show feed needed to achieve the desired feed intake. Can also be used as a drench.

CAUTION: Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.
