**ALL PRODUCTS: - COUNTRY OF ORIGIN: USA**

## **DETAIL INFORMATION ON THE PRODUCTS AND ITS USAGE**

- Textured or pellet form made from raw materials sourced in the USA.
- The purpose is to supplement the shortfall of animal feed available in the UK as well as to introduce tried and tested products by mega farms, farmers and individuals regarding superiority of the products which leads to greater yield, and by extension, lower overall feed cost and increased profit margins which stands to benefit farms, farmers and citizens of the UK.
- The product will be imported on orders and would be sent directly to the end users. This ensures preservation of quality and freshness. Product will be in its finished form inside the packages, ready for use by farms/farmers as food for the animals. Our Products are versatile and is becoming a growing trend globally. Our animal foods have been formulated to reflect proper nutritional requirements in every serving size for different sizes of animals. Packaging and distribution of our products plays a key role in ensuring it arrives at their final stop in perfect condition. This is one of the reasons a warehouse is omitted as it contributes to the development of: molds, mildew and rancidity. Our customers satisfaction for their money spent is guaranteed.

## Full details of manufacturing process:

- Confirm that the animal food to be imported into the UK:
  
- All raw materials originate from the USA and the following diseases have not been reported: Cattle Disease, Foot-and-Mouth-Disease, African swine fever, Classical Swine Fever, Swine Vesicular Disease and Contagious Bovine Pleuropneumonia.
  
- b) Was again heated up for at least 30 minutes to a minimum of 90 °C, in accordance with WOAHP recognized heating method during the production process for any feed which contains animal protein.
  
- c) Was not produced from: Farm animals that died and were not slaughtered, including stillborn and unborn animals, as well as animals subjected to emergency slaughter for their own benefit or animals that died during transport.
  
- d) Animals that were slaughtered in connection with health control measures, on the farm or at any other place determined by the responsible authority.
  
- e) Those parts of the normally slaughtered animals that were not subjected to an examination of the meat, with the exception of hides, skins, hooves, feathers, wool, horns, blood and similar products.
  
- g) Meat, poultry, fish, game as well as animal products that were rotten.

- h) Animals , fresh meat , poultry , fish , game , meat products that did not comply with the veterinary requirements of the Community legislation concerning the import into the Community during the inspection.
- Animal by-products (including meat) that contain residues of substances and environmental contaminants according to the Regulation (EU) 2017/625 if these residues exceed the maximum value determined by Community legislation or, if such a maximum value has not been determined , the maximum value of the individual country and could therefore represent a risk for the health of humans and animals.
- j) Fish or fish guts that were excluded for human consumption due to clinical signs for an infectious disease.
- k) The animal food was subjected to all precautionary measures in order to avoid a contamination with pathogenic germs after the processing.
- l) The animal food was filled in a new package.

## Country Feeds® Chick Starter Grower 18% Crumble Medicated

**Finalidad del producto:** Country Feeds® Chick Starter Grower 18% Crumbles con amprolium proporciona un gran valor para la nutrición especial que sus pollitos necesitan para tener una vida sana, desde el principio y supone una ayuda para la prevención de la coccidiosis. Administre según las instrucciones.

**Características del producto:**

- Incluye prebióticos y probióticos para favorecer la digestión
- Nutrición completa para satisfacer las exigencias de unos pollitos sanos y en crecimiento
- 18% de proteínas para favorecer el desarrollo muscular y un peso saludable
- Enriquecido con vitaminas y minerales para favorecer un crecimiento y desarrollo saludables
- Un alimento completo, sin necesidad de suplementos
- La forma de las migajas (crumbles) favorece la alimentación

**Instrucciones de administración del alimento:**

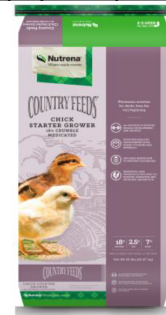

- Aliméntese como única ración desde el nacimiento hasta las 22 semanas.
- No permita que se vacíen los comederos.
- Limpie los comederos y bebederos con frecuencia.
- Proporcione agua fresca y limpia en todo momento.
- Proporcione arenilla del tamaño adecuado, según sea necesario.
- A partir de las 16 semanas de edad, las aves ponedoras pueden alimentarse con concha de ostra o con piedra caliza molida.

**PRECAUCIÓN:** Almacene el alimento en un lugar limpio, fresco y seco. El área de almacenamiento debe estar libre de insectos y roedores. No permita que los animales tengan acceso a alimentos que muestren signos de infestación por insectos o roedores. Nunca permita que los animales tengan acceso a alimentos calientes o mohosos.

**Información del producto:**

## Country Feeds® Layer 16% Crumble

**Product Purpose:** Wholesome nutrition for laying hens.

This feed is designed to be fed to laying chickens from 16 weeks of age and continuing through their productive life.

**Product Features:**

- Prebiotics and probiotics included to support digestion and nutrient absorption
- Complete nutrition to support egg production
- Fortified to support hen health and egg production
- Crumble form encourages consumption

**Feeding Directions:**

Begin feeding Country Feeds® Layer Feed from 16 weeks of age through the laying period. This is a complete, balanced ration. Scratch grain is not needed but may be fed as a treat not more than 10% of total diet. Keep feeders approximately half filled at all times.

Provide plenty of fresh, clean water at all times.

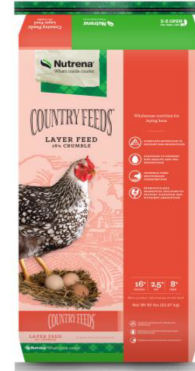

Oyster shell or ground limestone and grit may be offered free choice in addition to Country Feeds® Layer Feeds.

**CAUTION:** Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.

POULTRY

## Country Feeds® All Flock 18% Pellet

**Product Purpose:** Complete and convenient feed for mixed flocks.

This feed is for layers, broilers, ducks, turkeys, geese and pheasants over 7 weeks of age.

**Product Features:**

- Prebiotics and probiotics included to support digestion and nutrient absorption
- Multi-purpose formula meets the needs of many species of poultry, including layers, broilers, turkeys, geese, ducks and pheasants
- Fortified to support strong, healthy birds
- Designed for birds older than 7 weeks

**Feeding Directions:**

Feed as the sole ration from 7 weeks of age.

Laying birds should have free choice access to coarse oyster shell or limestone.

Provide plenty of fresh clean water at all times.

- Don't let feeders run empty
- Clean feeders and waterers regularly

**CAUTION:** Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.

## NatureWise® Hearty Hen 18% Soy Free Protein Pellet

**Product Purpose:** Made with carefully sourced, natural\* ingredients along with vitamins, minerals, essential oils, and amino acids so your flock can flourish. This feed is for laying chickens 16 weeks of age and continuing through their productive life.

**Product Features:**

- Fortified with Omega-3 from flax seeds for healthy hens and eggs
- Vitamin D<sub>3</sub> promotes calcium absorption for strong eggshells with less breakage and optimum D<sub>3</sub> levels in eggs
- Essential oils from oregano and other herbs support your healthy flock, egg weight, and size
- Formulated with prebiotics, probiotics and yeast culture support optimum digestion and nutrient absorption
- Golden egg yolks supported by Tagetes (Aztec marigold)
- Yucca schidigera extract aids in the control of manure odor

**FlockShield™ Healthy Flock Support**

Our unique ingredient mix helps maintain a healthy gut to support the absorption of nutrients, while optimizing your flock's health, immune system, and performance.

**Feeding Directions:**

- Start your bird on NatureWise® Chick Starter Grower, until 16 weeks of age
- Feed NatureWise® Hearty Hen 18% as the sole diet beginning at 16 weeks of age or onset of lay
- Don't let feeders run empty
- Clean feeders and waterers regularly
- Keep clean, fresh water available at all times
- Provide grit free choice
- Provide oyster shell free choice after 16 weeks of age

*CAUTION: Store feed in a clean, cool, and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.*

Please refer to the product tag on bag for ingredient list, complete feeding directions, date code, lot number and most up-to-date guaranteed analysis.

## NatureWise® Chick Starter Grower 18% Crumble

**Product Purpose:** Premium, natural\* nutrition for a strong start. This feed is for chickens from hatch to 22 weeks of age.

Our Chick Starter Grower contains 18% protein and a blend of vitamins, minerals, essential oils, and amino acids in the proper proportions to meet the needs of growing chicks. This combination of nutrients supports muscle development and growth at a time when chicks need it most.

**Product Features:**

- Packed with natural\* plant extracts to support healthy bird growth and bone formation
- Essential oils from oregano and other herbs promote feed consumption
- Formulated with prebiotics, probiotics and yeast culture support optimum digestion and nutrient absorption
- Yucca schidigera extract aids in the control of manure odor

**FlockShield™ Healthy Flock Support**

Our unique ingredient mix helps maintain a healthy gut to support the absorption of nutrients, while optimizing your flock's health, immune system, and performance.

**Feeding Directions:**

Feed as the sole diet beginning at hatch.

- Do not let feeders run empty.
- Clean feeders and waters regularly.
- Provide fresh, clean water at all times.
- At 16 weeks of age or onset of lay, switch to a NatureWise® complete layer diet. Choose from layer feed in crumble or pellet form, Hearty Hen®, Free-Range Egg Producer, or Feather Fixer®.

*CAUTION: Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.*

Please refer to the product tag on bag for ingredient list, complete feeding directions, date code, lot number and most up-to-date guaranteed analysis.

POULTRY

## NatureWise® Scratch Block

**Product Purpose:** this feed is designed to be fed as a supplement to layers, broilers, turkeys, ducks, geese and pheasants.

### Product Feature

- Contains grit and oyster shell
- Guaranteed Lysine and Methionine
- 21 lb block
- Encourages natural feeding behaviors
- Supplement for layers, broilers, turkeys, geese and pheasants
- Provides extra energy
- Easy to handle packaging
- Less waste

### Feeding Directions:

To be fed as a supplement for free-ranging poultry, not a complete feed. Contains whole grains, grit and oyster shell. Laying birds should have ad libitum access to extra oyster shell or limestone.

Provide birds continuous access to clean, cool water. It is important to store feed in a cool, dry location free of insects, rodents and other pests. Do not feed if mold or infestation occurs.

**CAUTION:** Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.

### Product Information:

- Product code: 91580
- 21 lb. Block
- UPC: 7-22304-28016-1
