**ALL PRODUCTS: - COUNTRY OF ORIGIN: USA**

## **DETAIL INFORMATION ON THE PRODUCTS AND ITS USAGE**

- Textured or pellet form made from raw materials sourced in the USA.
- The purpose is to supplement the shortfall of animal feed available in the UK as well as to introduce tried and tested products by mega farms, farmers and individuals regarding superiority of the products which leads to greater yield, and by extension, lower overall feed cost and increased profit margins which stands to benefit farms, farmers and citizens of the UK.
- The product will be imported on orders and would be sent directly to the end users. This ensures preservation of quality and freshness. Product will be in its finished form inside the packages, ready for use by farms/ farmers as food for the animals. Our Products are versatile and is becoming a growing trend globally. Our animal foods have been formulated to reflect proper nutritional requirements in every serving size for different sizes of animals. Packaging and distribution of our products plays a key role in ensuring it arrives at their final stop in perfect condition. This is one of the reasons a warehouse is omitted as it contributes to the development of: molds, mildew and rancidity. Our customers satisfaction for their money spent is guaranteed.

## Full details of manufacturing process:

- Confirm that the animal food to be imported into the UK:
  
- All raw materials originate from the USA and the following diseases have not been reported: Cattle Disease, Foot-and-Mouth-Disease, African swine fever, Classical Swine Fever, Swine Vesicular Disease and Contagious Bovine Pleuropneumonia.
  
- b) Was again heated up for at least 30 minutes to a minimum of 90 °C, in accordance with WOAHP recognized heating method during the production process for any feed which contains animal protein.
  
- c) Was not produced from: Farm animals that died and were not slaughtered, including stillborn and unborn animals, as well as animals subjected to emergency slaughter for their own benefit or animals that died during transport.
  
- d) Animals that were slaughtered in connection with health control measures, on the farm or at any other place determined by the responsible authority.
  
- e) Those parts of the normally slaughtered animals that were not subjected to an examination of the meat, with the exception of hides, skins, hooves, feathers, wool, horns, blood and similar products.
  
- g) Meat, poultry, fish, game as well as animal products that were rotten.

- h) Animals, fresh meat, poultry, fish, game, meat products that did not comply with the veterinary requirements of the Community legislation concerning the import into the Community during the inspection.
- Animal by-products (including meat) that contain residues of substances and environmental contaminants according to the Regulation (EU) 2017/625 if these residues exceed the maximum value determined by Community legislation or, if such a maximum value has not been determined, the maximum value of the individual country and could therefore represent a risk for the health of humans and animals.
- j) Fish or fish guts that were excluded for human consumption due to clinical signs for an infectious disease.
- k) The animal food was subjected to all precautionary measures in order to avoid a contamination with pathogenic germs after the processing.
- l) The animal food was filled in a new package.

SHOW

## Sunglo® Show Lamb

**Product Purpose:** This feed is designed to be fed to starting, growing and finishing lambs.

**Product Features:**

- Healthy Tract™ Technology to support urinary tract health
- Advanced nutrition profile to support muscle, growth, and bloom for today's show ring
- Highly palatable to keep animals on track for the winner's circle

*No other show feed can compete with our record and our growing list of winners at national, State and Local shows in every class and every species. In fact, we've been winning at the highest levels since 1947. Let Sunglo® Feeds help you reach your goals in the show ring and Feed Their Potential®.*

**Feeding Directions:**

Start feeding at 1% of bodyweight along with good quality alfalfa hay or other suitable forage. Gradually increase to 3.0-3.5% bodyweight to achieve desired growth rate and reduce the amount of forage. All feed changes should be made gradually. Sunglo® Show Lamb should be fed to lambs that have been vaccinated for enterotoxemia.

Salt should be available free-choice.

Provide plenty of fresh, clean water at all times.

Feeding added selenium at levels in excess of 0.3 PPM in the total diet is prohibited.

**Management Tips:**

- Establish a strong relationship with your veterinarian to help maintain optimal health
- De-worm lambs on a regular monthly schedule, rotating de-wormers between treatments for best results
- Exercise lambs by walking them three to five times a week to improve your control and showmanship skills
- Practice bracing and setting up daily to help maximize your lamb's muscle memory and response

**Product Information:**

- Product code: 98318  
50 lb.  
Textured
- UPC: 7-22304-49844-3

**Product Packaging:**

**Product Form Description:**

Textured—contains a coarse blend of cleaned grains and molasses for increased palatability and animal acceptance. Many textured products will also contain pellets that carry the protein, vitamins, and minerals.

**Guaranteed Analysis:**

Crude Protein	Min. 17.0%
<small>(This includes not more than 0.81% equivalent crude protein from nonprotein nitrogen.)</small>	
Crude Fat	Min. 3.5%
Crude Fiber	Max. 13.0%
Calcium	Min. 0.8%...Max. 1.3%
Phosphorus	Min. 0.4%
Salt	Min. 1.0%...Max. 1.5%
Sodium	Min. 0.10%...Max. 0.25%
Selenium	Min. 0.3 PPM
Vitamin A	Min. 5,000 IU/LB
Vitamin E	Min. 25 IU/LB

Please refer to the product tag on bag for ingredient list, complete feeding directions, date code, lot number and most up-to-date guaranteed analysis.

**CAUTION:** Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.

## Form Key

MR = Morsel

ML = Meal

PL = Pellet

MP = Mini Pellet

NP = Nano Pellet

OP = Over-sized Pellet

CR = Crumblized

FC = Fine Crum

TX = Textured

GR = Grain

MN = Mineral

WB = Wrap Blk

IN = Ingredient

OM = Outside Manufactured

CU = Cube
