355 Alhambra Circle, Suite 900, Coral Gables, FL 33134

**ALL PRODUCTS: - COUNTRY OF ORIGIN: USA**

## **DETAIL INFORMATION ON THE PRODUCTS AND ITS USAGE**

- Textured or pellet form made from raw materials sourced in the USA.
- The purpose is to supplement the shortfall of animal feed available in the UK as well as to introduce tried and tested products by mega farms, farmers and individuals regarding superiority of the products which leads to greater yield, and by extension, lower overall feed cost and increased profit margins which stands to benefit farms, farmers and citizens of the UK.
- The product will be imported on orders and would be sent directly to the end users. This ensures preservation of quality and freshness. Product will be in its finished form inside the packages, ready for use by farms/farmers as food for the animals. Our Products are versatile and is becoming a growing trend globally. Our animal foods have been formulated to reflect proper nutritional requirements in every serving size for different sizes of animals. Packaging and distribution of our products plays a key role in ensuring it arrives at their final stop in perfect condition. This is one of the reasons a warehouse is omitted as it contributes to the development of: molds, mildew and rancidity. Our customers satisfaction for their money spent is guaranteed.

## Full details of manufacturing process:

- Confirm that the animal food to be imported into the UK:
  
- All raw materials originate from the USA and the following diseases have not been reported: Cattle Disease, Foot-and-Mouth-Disease, African swine fever, Classical Swine Fever, Swine Vesicular Disease and Contagious Bovine Pleuropneumonia.
  
- b) Was again heated up for at least 30 minutes to a minimum of 90 °C, in accordance with WOAHA recognized heating method during the production process for any feed which contains animal protein.
  
- c) Was not produced from: Farm animals that died and were not slaughtered, including stillborn and unborn animals, as well as animals subjected to emergency slaughter for their own benefit or animals that died during transport.
  
- d) Animals that were slaughtered in connection with health control measures, on the farm or at any other place determined by the responsible authority.
  
- e) Those parts of the normally slaughtered animals that were not subjected to an examination of the meat, with the exception of hides, skins, hooves, feathers, wool, horns, blood and similar products.
  
- g) Meat, poultry, fish, game as well as animal products that were rotten.

- h) Animals, fresh meat, poultry, fish, game, meat products that did not comply with the veterinary requirements of the Community legislation concerning the import into the Community during the inspection.
- Animal by-products (including meat) that contain residues of substances and environmental contaminants according to the Regulation (EU) 2017/625 if these residues exceed the maximum value determined by Community legislation or, if such a maximum value has not been determined, the maximum value of the individual country and could therefore represent a risk for the health of humans and animals.
- j) Fish or fish guts that were excluded for human consumption due to clinical signs for an infectious disease.
- k) The animal food was subjected to all precautionary measures in order to avoid a contamination with pathogenic germs after the processing.
- l) The animal food was filled in a new package.

## Country Feeds® 16% Rabbit Feed

**Product Purpose:** Country Feeds® 16% Rabbit Pellet is a versatile feed for every type of rabbit, at every stage of life. Keep your furry friends healthy and happy with this convenient, complete feed that provides all the balanced amino acids, protein, vitamins, and minerals they need to stay healthy, all for a great value.

**Product Features:**

- Balanced nutrition to help your rabbits feed efficiently and grow healthy
- Recommended for all types of rabbits, at every life stage
- Convenient, complete feed eliminates the need for supplementation
- Includes the balanced nutrients rabbits need
- Added probiotics to support digestive health

**Feeding Directions:**

Does Just Kindling	2 - 3 oz. per doe per day. Increase gradually by 1 oz. per doe per day to free choice feeding within 4 - 5 days.
Lactating Does	Free choice
Gestating Does	4 - 6 oz. per doe per day
Weaned Bunnies	Free choice
Dry Does/Bucks	4 - 6 oz. per head per day

- Feed by weight—not by volume.
- Weigh the feed in the container you will be using and subtract the weight of the container.
- Feed Country Feeds® Rabbit Formula to herd bucks, dry does, pregnant does, does nursing young and young, developing rabbits.
- The pellets may be self fed - that is, kept before the animals at all times or hand fed. Self-feeding is recommended for does with litters to help reduce labor and achieve rapid growth. Self-feeding is also recommended for weaned bunnies.

- If hand-feeding, the number of feedings per day is a matter of preference. It is important, though, to feed the animals the same number of times each day at approximately the same time.
- Monitor body condition and adjust feeding rates to maintain desired body condition.
- It is not necessary to feed hay with NatureWise® Performance Rabbit Pellets. High quality hay may be fed, if desired. Hay must be fine-stemmed, leafy, green in color, well cured and free from mildew or mold. Alfalfa, clover, sweet clover, lespedeza, soybean and peanut hay are suitable. Cutting the hay into 3- to 4-inch lengths will help avoid waste.
- Provide plenty of clean, fresh water and salt blocks or salt spoons at all times.
- Keep rabbit hutches, feeders and waterers clean.

**Product Information: Product Packaging:**

- Product code: 95196 – 50 lb. Pellet
- UPC: 7-22304-30002-9

**Product Form Description:**

Pelleted – compressed product form providing consistent nutrition in every piece which helps eliminate sorting by the animal.

**Guaranteed Analysis:**

Crude Protein	Min. 16.0%
Crude Fat	Min. 2.5%
Crude Fiber	Min. 15.0%.....Max.18.0%
Calcium	Min.1.0%.....Max. 1.5%
Phosphorus	Min. 0.5%
Salt	Min. 0.6%...Max. 1.0%
Vitamin A	Min. 3,000% IU/LB

Please refer to the product tag on bag for ingredient list, complete feeding directions, date code, lot number and most up-to-date guaranteed analysis.

**CAUTION:** Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.
